A friendly service for older people in Walsall that aims to address lonely and socially isolated people.

0121 380 6690

Making Connections Walsall provides older people in Walsall with an opportunity to explore their social needs and interests. It offers older people support to build their social networks and engage in community activities.

Who is eligible?

- People over 60 years
- Who live in Walsall
- Who are lonely or socially isolated
- This service is about helping older

people build their social networks

(it is not a treatment program for physical or mental illness).

Everyone is different so we will help you find out what's right for you and then support you to access the right group or organisation.

Summary Care Records (SCR) The SCR is an electronic record of important patient information, created from GP medical records.

Health and care staff can access SCR through the Spine web portal

Patients can ask to view or add information to their SCR by visiting their GP practice.

Sharing some or all of your medical history with other health professionals can be beneficial in some circumstances, especially when being treated away from your GP practice.

You **DO** have a choice on whether or not to share this information and on how much of your health record you wish to share.

Please speak to a receptionist to update your preferences or to opt out.
